

Casa de Amigos

Helping People Help Themselves

December, 2015

Dear Friends,

Casa de Amigos will be having its 4th Annual *Friends of Hope* program benefitting people in need during the Christmas season. *Friends of Hope* is a collaboration with Target that allows clients and donors to shop together for a once in a lifetime experience. Casa de Amigos aims to make this a memorable experience for both the giver and receiver; therefore, we are allowing donors the option of having representatives present the morning of the event to accompany the families with their shopping. We found this provides a more personal and enjoyable experience for everyone involved.

Last year Casa de Amigos was fortunate enough to help multiple families because of the generous monetary donations from the Midland community. This year our goal is to help more families and the only way this is possible is for the community to contribute. Your contribution of \$250 will sponsor the shopping trip for one child. If you choose to participate, the deadline to make a monetary donation is Friday, December 4th, 2015. The shopping trip is scheduled for Thursday, December 17th, 2015, starting at 6am at Target.

We greatly appreciate your consideration in making *Friends of Hope* successful again this year. If you have any questions about the program please contact Ida Fletcher at (432) 682-9701.

Thank you!

Tonya Eckert
Executive Director
